

I.D. Punch 3 Attendance Package

Affordable Time & Attendance Solutions from Buffalo Time Clock, Inc. and InfoTronics

Buffalo Time Clock, Inc. is proud to have the opportunity to offer you this outstanding package. Designed specifically to meet the needs of small businesses this package includes the popular Attendance Enterprise software by InfoTronics and an I.D Punch 3 Proximity terminal.

Incredibly easy to use, employees simply wave their proximity badge within a few inches of the clock to punch in or out. The punches remain in the terminal until they are retrieved by the Attendance Enterprise software powered by SQL.

The I.D. Punch 3 uses built in Ethernet Communication.
